

HOW TO TALK WELL

Women May Prove to Be Interestingly Entertaining

BY PROPER USE OF SUBJECTS

They Should Not Force Themselves to Be Witty Nor Offend by Insipid Questioning.

There are a few women who are born with the gift of knowing how not to talk, but there are a good many who cultivate that knowledge, and with good reason, for the woman who is able to make other people interesting conversationalists has a distinct social status as a brilliant talker; men are sure to like her, and the Mrs. Leo Hunters of modern society like to feel that they have some one at hand

seed head beside the smart bouquets of her guests, and it has become more or less a custom for her to don a hat herself. At a recent luncheon, however, the giver of the feast hit upon a better plan—which was to wear a little head dress composed of a lace butterfly bow stuck on with a jeweled pin and a twist of velvet matching her dress around her coiffure à la Grecque. This little arrangement gave the needed emphasis to her toilet, and yet preserved her individuality as the lady of the house.

Women and Clubmen.

Recently a man's club of considerable importance advertised for a secretary, and among some hundreds of replies from men of all grades were scores of applications from women. Sampling and caging, engaging butlers and waiters, receiving indignities of all sorts, and the like, did not exactly feminine occupations, but the innovation may come sooner than we expect, for the club of the future will be an association of men and women, according to the enthusiasts—New York Sun.

Items for Women.

Very pretty and also convenient for other purposes are the christening baskets which are just now so popular. They are shaped like the basket in the

Don't Get Imposed Upon.

Is a good method to follow in buying a medicine as well as anything else. By the universal satisfaction it has given and by the many remarkable results it has accomplished, Dullian's Great Germantown, Liver, Stomach and Kidney Cure has proved itself unequalled for building up and cleansing your system and for removing all disease from impure blood. Do not experiment with an unheard-of or untried article which you are told is as good, but be sure and get Dullian's. All druggists keep it. Every woman should do her best to become what we call a clever talker, whether she aims to be a social queen or not. It is evidently a woman's accomplishment, for there is not a man in the world foolish enough to practice it successfully.

It is a wonderfully interesting accomplish-
ment. You learn to make the slightest change in facial expression. The quiesce of an eyelid or the movement of a lip tell your story. You are going to be a clever talker, interesting, where-
ever you go. Another definite thought. Your own mind acts more quickly as you appreciate the thoughts of others. It takes years to bring it to perfection, and then you have the pleasure of feeling that your requirement is not wholly useless, for it gives you the power to understand the observed and put the shy aside.
